INNOVATIVE DOCTORATES THAT MEET THE INNOVATION NEEDS OF COMPANIES
– Ministerial Decree 117/2023 – AND BY EXTERNAL FUNDS
a.a. 2023/2024 – XXXIX Cycle**

The deadline for this call is 1 pm (CEST) of August 24th 2023

Art. 1 – SUBJECT OF THE CALL

The Italian Recovery and Resilience Plan, in the frame of Mission 4 Component 2 Investment 3.3, allocates resources to activate dedicated doctoral programmes with the contribution and involvement of companies. The Ministerial Decree No. 117 of 2 March 2023 has assigned to the University of Padua resources for PhD scholarships co-funded at 50% by companies interested in meeting their research and innovation needs.

The University of Padua has selected the research projects to be activated within the University's PhD courses accredited for the XXXIX cycle. These projects, pursuant to the aforementioned Ministerial Decree 117/2023, are:

- consistent with the goals of Regulation (EU) 2021/241, with the overall strategy and the Detail Sheet of the RRP Component;
- oriented to achieve the results measured through milestones and targets that may be assigned to the investment within the terms set in the Plan;
- in accordance with the principle "Do No Significant Harm" (DNSH) pursuant to art. 17 of Regulation (EU) 2020/852, consistent with the technical guidelines provided by the European Commission (Communication of the European Commission 2021/C58/01);
- suitable for addressing and overcoming gender inequalities;
- in support of the participation of women and young people, also in accordance with the provisions of Decree Law No. 77 of 31 May 2021 (also known as Simplification Decree), as amended by the Conversion Law No. 108 of 29 July 2021, concerning the management of the National Recovery and Resilience Plan.

The selected projects should also aim at:

- focusing on disciplinary and thematic fields consistent with the needs of the country, as well as of the regional territories interested by the programme, in terms of highly qualified human resources oriented to the innovation needs of the companies;
- providing for the implementation of the entire doctoral programme, education, research and evaluation, at the administrative and operating headquarters of the university, with the exception of the planned periods of study and research at the company and abroad;
- ensuring that the PhD candidate benefits from qualified and specific operational and scientific facilities to perform study and research activities, scientific laboratories, libraries, database, etc.;
- providing for the implementation of educational activities for linguistic and IT improvement, for research management and knowledge of the European and international research systems, for the enhancement of research results and intellectual property rights;
- promoting the enhancement of research results and the protection of intellectual property rights, ensuring open access to research results and related data to the public within the shortest time and with the least number of possible limitations, in accordance with the "Open Science" and "FAIR Data" principles.

The PhD projects include mandatory periods of study and research at the company from a minimum of six (6) months to a maximum of eighteen (18) months, and mandatory periods of study and research abroad from a minimum of six (6) months to a maximum of twelve (12) months.

Further to the enrolment, the Italian Ministry for University and Research (MUR) will verify the eligibility of the projects and the Italian National Agency for the Evaluation of Universities and Research Institutes (ANVUR) will verify the compliance with the requirements of Ministerial Decree no. 117/2023. Whether these checks are positively completed, MUR allocates the funding to the University. The assignment of scholarships referred to in this call is therefore to be considered conditionally subject to the positive evaluation of both consistency and eligibility and the allocation of ministerial funds.

There are also PhD scholarships funded by external bodies and Departments.

The scholarships that will be assigned with the present call are linked to specific research topics: the winners of such scholarships must mandatorily carry out research activities based on specific binding Projects which are available in the Appendix.

Art. 2 – ADMISSION REQUIREMENTS

2.1 Anyone in possession of the following, regardless of nationality, may apply to take part in the selection process:

- diploma di laurea (pre-reform regime);
- laurea specialistica/magistrale (post-reform regime);
- Second-level academic qualifications awarded by AFAM (Higher Education in Art and Music) institutions.

2.2 Admission to the selection process for candidates who have not yet been awarded their academic qualification

Anyone yet to be awarded the required academic qualification, but who will have received it by and no later than October 31st 2023, may also apply to take part in the entry examinations. Otherwise, admission to the course will be denied. During the application phase, these candidates must attach:

- certificate or self-certification (in the cases provided for by Italian law) attesting the enrolment in a second cycle degree (Master's);
- certificate or self-certification (in the cases provided for by Italian law) of the first cycle degree (Bachelor's) with grade;
- certificate or self-certification (in the cases provided for by Italian law) of the list of exams/transcript of records of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- any other document deemed useful for the assessment of the suitability of the qualification held (e.g. Diploma Supplement, Declaration of Value, Statements of Comparability and Verification issued by ENIC-NARIC centres).

Admission will be conditionally granted to these candidates, who will have to provide self-certification regarding the qualification awarded (or the certificate itself if the qualification was awarded in a non-EU country), together with an identity document by November 7th 2023. Said certification must be sent via email to phd.application@unipd.it. The self-certification (or the certificate itself if the qualification was awarded in a non-EU Country), must indicate the name of the university that awarded the qualification, the date it was awarded, the kind of degree (second-cycle Italian - degree, Master's Degree or equivalent qualification), and the grade achieved, together with a copy of a valid identity document.

2.3 Admission to the selection process for candidates with an academic qualification awarded abroad

Applicants with an academic qualification awarded abroad can be admitted to a PhD course only if the above-mentioned qualification is equivalent to a second-cycle Italian degree ("Laurea magistrale a ciclo unico"/"Laurea specialistica"/"Laurea magistrale") awarded at an officially recognized foreign academic institution, which grants admission to a PhD course in the education system/Country in which it was awarded (except for significant differences). Said qualification must be comparable to the Italian degree required for the admission to a PhD course (i.e. Master's Degree or another equivalent second-cycle degree).

Admission to the selection process will be conditionally granted to those candidates in possession of an academic qualification awarded abroad that has not yet been officially recognised as equivalent to a second-cycle Italian qualification by the competent academic bodies of Italian universities.

To this end, when completing the online application process, the candidate must request that their qualifications be verified and attach the following documents:

A. For candidates in possession of an academic qualification:

- certificate or self-certification (in the cases provided for by Italian law) of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- certificate or self-certification (in the cases provided for by Italian law) of the list of exams/transcript of records of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- any other documentation deemed useful for the assessment of the suitability of the qualification held (e.g. Diploma Supplement, Declaration of Value, Statements of Comparability and Verification issued by ENIC-NARIC centres).

B. For candidates yet to be awarded the required academic qualification:

- certificate or self-certification (in the cases provided for by Italian law) of first (Bachelor's) cycle degree, with grade;

- certificate or self-certification (in the cases provided for by Italian law) of the list of exams/transcript of records of both first (Bachelor's) and second-cycle degree (Master's), with grade;
- certificate or self-certification (in the cases provided for by Italian law) attesting the enrolment in a second cycle degree (Master's);
- any other documentation deemed useful for the assessment of the suitability of the qualification held (e.g. Diploma Supplement, Declaration of Value, Statements of Comparability and Verification issued by ENIC-NARIC centres).

The above-mentioned documents must be drawn up in Italian or English, under penalty of exclusion from the selection. In cases where self-certification is not allowed (e.g. non-EU candidate with a qualification awarded abroad), if the official documentation issued by the university where the qualification was obtained is not already in English, the candidate must attach also a certified translation in Italian or English. The Selection Committee evaluates the suitability of the foreign degree according to the documentation attached to the application, and can therefore exclude the candidate if such documentation does not provide sufficient information for the assessment.

Art. 3 – APPLICATION FORM

3.1 All positions are subject to a specific topic and only one application will be sent per candidate who will therefore participate for only one PhD Course for a specific topic. The application form to participate in the selection process may only be submitted using the dedicated online procedure, available at: <https://pica.cineca.it/unipd/2023dottorati117> . Candidates are responsible for verifying that the procedure is completed correctly. No complaints will be accepted for any malfunctioning of the IT system due to overload experienced by candidates near the closing date.

3.2 After closing the application, the candidate can request an acceptance letter to the supervisor of the research topic by completing the specific section on the application form. Candidates are recommended to request the acceptance letter before the same closing date for applications. The supervisor's name and email address are indicate in the Appendix. A notification for the completion of the letter will be sent to the supervisor only after the application has been fully submitted.

The supervisor will be automatically notified by the system and will have to personally complete the acceptance letter section on the online procedure and submit it by the deadline of **August 13st 2023 at 1 pm (CEST).**

7.2 The enrolment form must contain all the attachments indicated in the instructions, including a copy of a valid identity document and a passport-size photograph; after concluding the enrolment procedure, the regional fee (art. 11) must be paid as indicated.

When completing the enrolment form, the successful candidate declares, inter alia, that:

- They shall undertake to ask the competent body of the Course for authorisation to carry out work outside of the course;
- They have not already benefited from another PhD Course grant in the past;
- They will not accumulate the grant with another grant, awarded for whatever reason, except for those assigned by national or international institutions for the purposes of integrating the research activities of the PhD student with time spent abroad;
- They are aware that the grant is only awarded to those who have a yearly income (gross sum) that is below the equivalent of a year's grant amount for the tax years when the grant will mainly be used, and shall provide prompt notification should their income exceed this limit;
- They shall undertake to pay back the monthly grant instalments received in the academic year in which their income exceeded the limit.

7.3 Candidates with a foreign qualification must also attach to their application:

- in case of academic qualifications awarded in non-EU Countries: a copy, in Italian or English, of the second-cycle degree as well as a copy of the certificate indicating the examinations taken and the relative grades, together with the translation, legalisation and Declaration of Value issued by Italian diplomatic or consular authorities or, alternatively, Statements of Comparability and Verification issued by ENIC-NARIC;

8.1 If successful in the selection process for a PhD, students enrolled at medical Specialisation Schools will be allowed to enrol in a PhD Course in compliance with the following conditions:

- a) compatibility, also in consideration of the distance between the seats, of the activities and commitment envisaged by the Specialization School and the PhD Course, certified by the Board of the Specialisation School and by the Academic Board of the PhD Course;
- b) incompatibility between the PhD grant and the emoluments, however denominated, received in relation to the activities of the specialization school.

8.2 In cases of joint attendance, the request for a reduction in doctoral activities is approved by the Academic Board of the PhD Course, after a positive assessment of the consistency of the research activities already carried out in the medical Specialization course with the doctoral project. In order to accept the application referred to in this paragraph, the opinion of compatibility, expressed by the Board of the Specialization School, of the doctoral project with the didactic purposes of the Specialization School is also required. If the application referred to in this paragraph is accepted, the PhD Course will have in any case a duration of no less than two years.

Art. 9 – VACANT PLACES

Following explicit or tacit withdrawal by successful candidates before the start of the courses, the PhD Office will contact directly the other eligible candidates according to the ranking drawn up for that specific research topic, in order to assign them vacant places available (if any).

Art. 10 - GRANTS

10.1 Grants are only awarded to those who have a yearly income (gross sum) that is below the equivalent of a year's grant amount for the tax years when the grant will mainly be used. Should the grant holder's income exceed this limit, they will lose their right to the grant for the academic year in which the limit was exceeded. In this case, the PhD student concerned will be obliged to pay back any monthly grant instalments already received.

Should applications have equal merit, the assessment of the applicant's economic situation is the deciding factor in awarding a grant. This is calculated pursuant to ISEE (Equivalent Economic Situation Indicator) values. Unfunded places will be awarded to the younger applicants.

10.2 In accordance with Italian Ministerial Decree 247 dated 23 February 2022, published on the Official Gazette no. 80 of 5/4/2022, the annual amount of the grant is € 16.243, gross sum, less national insurance and pension contributions payable by the recipient to INPS (Italian National Institute for Social Security), pursuant to art. 2, paragraph 26 et. seq. of (Italian) Law no. 335 dated 8 August 1995, and subsequent amendments and integrations.

10.3 PhD grants cannot be used together with other grants, awarded for whatever reason, except for those assigned by national or international institutions for the purpose of integrating the research activities of the PhD student with time spent abroad.

10.4 The amount of the grant is increased by 50% for any time spent abroad.

10.5 The grant takes effect when the holder effectively begins to attend the course.

The grant is paid in deferred monthly instalments.

Anyone who has already benefited from a PhD grant, cannot do so for a second time.

10.6 With regard to scholarships funded by the PNRR pursuant to MD 117/2023, all positions must be covered with a scholarship (non-waivable), as required by MD 301/2022 in par. 3.3 lett. e).

Art. 11 – ENROLMENT AND TUITION FEES

11.1 PhD students are exempt from university tuition fees and must only pay an amount corresponding to the regional fee for the right to education and stamp duty.

11.2 PhD students may request exemption from payment of the regional contribution, quantified as per the ISEE presented. For PhD students with a grant, the quota for the aforementioned contribution, quantified as per the ISEE, will be withheld from the grant payment.

11.3 The amounts referred to in point 1 can be consulted in the Fees and contributions table for those enrolled in PhD courses for the 2023/2024 academic year. This table will be published on the University of Padua website at the address: <http://www.unipd.it/ricerca/dottorati-ricerca/tasse-borse-studio-opportunita-dottorati>.

Art. 12 – COURSE START DATES AND OBLIGATIONS OF PHD STUDENTS

12.1 Courses will begin on November 1st 2023. Admission to a PhD Course is a full time, exclusive commitment.

12.2 PhD students are obliged to carry out the activities relating to their approved research plan and to present a report on the activities and research carried out to the competent body of the Course at the end of each year, as well as the PhD thesis, complete with original contributions, at the end of the course. Theses must be submitted in accordance with the procedures established in the University for PhD courses.

After evaluating the activities carried out by the PhD student, the competent body of the Course will deliberate whether to admit the PhD student to the next year of the course. The reporting will be performed through an online platform using the template provided by MUR;
- complete the required mandatory periods of study and research at the company/body/public administration and abroad;
- receive the scholarship avoiding causes of incompatibility with the receipt of the scholarship itself (e.g. exceeding income as regulated by art. 10.1);

- b) failure to complete the PhD course (three-year duration) with reference to the minimum period of study and research at the company or abroad.

The University of Padua may ask the beneficiary to refund any scholarship amounts unduly received.

Art. 13 – OBTAINING THE ACADEMIC QUALIFICATION
